**Traffic and Parking Controls**

It is the policy of the Board to provide parking facilities, when practical, for the benefit and convenience of its employees, customers and visitors. Spaces have been designated to facilitate parking needs.

Employees who choose to use the ESD parking lot do so at their own risk. The ESD's insurance does not assume responsibility for any damage to, or theft of, any vehicle or personal property left in the vehicle while on the parking lot. It is important to secure vehicles at all times and never leave items of value in plain view that might tempt strangers to consider forced entry. Overnight parking is discouraged.
