Instructional Resources/Materials Selection

Board policy stipulates that the ESD shall maintain collections of instructional materials for use in the instructional programs of the ESD and its component districts.

In establishing and maintaining instructional materials, the ESD recognizes that not all materials will be appropriate for all programs and communities, and that complaints about materials may be expressed from time to time.

Any complaints regarding the suitability of instructional materials shall be referred to the appropriate administrator if the complaint involves the use of materials in an ESD classroom or program. In this instance the procedure for reconsideration of instructional materials used in an ESD classroom or program will be followed;

Procedure for reconsideration of instructional materials used in an ESD classroom or program:

1. The classroom teacher or supervisor who receives a request for reconsideration of an instructional material will attempt to resolve the concern with the person filing the complaint;
2. All requests for reconsideration, whether or not resolved at Step One, will be reported to the appropriate administrator;
3. Requests for reconsideration not resolved at Step One will be processed by the appropriate administrator;
4. The person requesting reconsideration shall be supplied with a standard printed form which must be completed before consideration can be given;
5. The ESD superintendent and Board chair shall arrange for a review committee of four; consisting of one ESD administrator, one classroom teacher, one component district representative if appropriate, and an ESD Board member. The committee will proceed as follows:
 - a. The committee will meet, review the issues and expressions of those concerned and return a written report of its findings to the ESD superintendent within 15 working days;
 - b. The chair of the committee will be appointed by the ESD Board chair;
