

## **Student Conduct in ESD Vehicles or Private Vehicles**

A Student Code of Conduct in Vehicles shall be posted in all ESD vehicles used for transporting students, as well as in any private vehicle used by ESD staff to transport students to or from any ESD-sponsored programs or activities.

Transportation administrators and drivers will make sure that all students so transported will be notified of this Student Code of Conduct in Vehicles. This Code of Conduct will read substantially as follows:

### **Student Code of Conduct in Vehicles**

All students who ride in transportation, whether via public or private vehicles, provided by the ESD must comply with the following rules:

1. A seat belt must be worn by the student at all times while the student is in the vehicle.
2. The student must comply with all reasonable requests of the driver to ensure the safe transportation of the student.
3. The student will not engage in any activity that jeopardizes the safe operation of the vehicle. This includes, but is not limited to making noises, getting out of their seat, throwing objects, playing practical jokes or pranks, or otherwise disrupting the attention of the driver or other passengers.
4. Failure of a student to abide by these rules may constitute grounds for disciplinary action, including but not limited to a suspension or revocation of transportation privileges, as deemed appropriate by the transportation administrator or the superintendent.
