

Threats of Violence

The Board is committed to promoting healthy relationships and a safe learning environment. To this end, student threats of harm to self or others, threatening behavior or acts of violence, including threats to severely damage district property shall not be tolerated on district property or at activities sponsored by the district.

Students shall be instructed of their responsibility to inform a teacher, counselor, or administrator regarding any information or knowledge relevant to conduct prohibited by this policy. Parents and others will be encouraged to report such information to the district. Staff shall immediately notify an administrator of any threat, threatening behavior, or act of violence he/she has knowledge of, has witnessed or received. All reports will be promptly investigated.

Students found in violation of this policy shall be subject to discipline up to and including expulsion. A referral to law enforcement shall be made for any infraction involving a student bringing, possessing, concealing, or using a weapon as prohibited by state and federal law, and Board policy JFCJ.

The building principal/site administrator shall, in determining appropriate disciplinary action, consider:

1. If the student is enrolled in a Long Term Care and Treatment education program, the school staff will immediately notify the mental health provider for development of a safety plan;
2. Immediately removing from the classroom setting any student who has threatened to injure self or another person, or to severely damage school property;
3. Placing the student in a setting where the behavior will receive immediate attention from a building administrator, counselor, or licensed mental health professional;
4. Requiring the student to be evaluated by a licensed mental health professional before allowing the student to return to the classroom setting.

The building principal/site administrator shall ensure notification is provided to:

1. The parent of any student in violation of this policy and the disciplinary action imposed, unless the student is enrolled in a Long Term Care and Treatment educational program; where the mental health provider provides notification to the parent.
2. The parent of a student when the student's name appears on a targeted list that threatens violence or harm to the students on the list, or when threats of violence or harm to the student are made by another student;

3. Any ESD employee whose name appears on a targeted list threatening violence or harm to that employee.

Notification to the above shall be attempted by telephone or in person within 12 hours of discovery of a targeted list or learning of a threat. Regardless, a written follow-up notification shall be sent within 24 hours of discovery of a targeted list or learning of a threat.

The ESD may enter into contracts with licensed mental health professionals to perform student evaluations. Funds for evaluations or other disciplinary options as may be required by law and this policy shall be provided by the ESD.

END OF POLICY
