Students - HIV, HBV and AIDS **

(Human Immunodeficiency Virus, Hepatitis B Virus, and Acquired Immune Deficiency Syndrome)

The ESD will adhere strictly in policies and procedures to the Oregon Revised Statutes and Oregon Administrative Rules as they relate to a student infected with HIV, HBV or diagnosed with AIDS¹.

The ESD recognizes a parent and/or student has no obligation to inform the ESD of an HIV, HBV or AIDS condition, and that the student has a right to attend school. If the ESD is informed of such a student, written guidelines shall be requested of the parent (student). These guidelines shall include who may have the information, who will give the information, how the information will be given and where and when the information will be given.

When informed of an infectious medical condition and with written permission from the parent and/or student, the ESD will develop procedures for formulating an evaluation team. The team shall address the nature, duration and severity of risk as well as any modification of activities. The team shall continue to monitor the student's condition.

Notification of alternative education programs shall be made to the parent or eligible student, if an HIV, HBV or AIDS student withdraws from school.

The ESD shall also develop procedures for rumor control, infection control, student accommodations and public relations/media on a case by case basis.
