

Alcohol/Controlled Substance Use

The following conduct is strictly prohibited and will subject an employee to immediate discipline, up to and including termination:

1. The buying, selling, transporting, possessing, providing or using of intoxicants, including alcohol, or any controlled substances as defined by law, while on ESD property or property under control of the ESD, during work hours (including meal periods), while assigned to extra duty or special projects, including those held after or in addition to regular working hours and while driving between worksites during the workday in either an ESD-supplied vehicle or a vehicle supplied by the employee;
2. Reporting for work under the influence of alcohol, intoxicants or any controlled substance. An individual is considered to be “under the influence of alcohol, intoxicants and/or a controlled substance” when, in the ESD’s determination, the controlled substance, alcohol or intoxicant is at a level that it may impair the individual’s ability to safely and/or efficiently perform assigned work OR prevent the employee from presenting a positive role model to students.

The ESD reserves the right, with prior notice and reasonable suspicion, to conduct searches of ESD property, vehicles or equipment at any time. A refusal to submit to a search may result in disciplinary action, up to and including dismissal. When there is reasonable suspicion to believe that an employee may be under the influence of a controlled substance or alcohol, the ESD may, as part of its investigation, require the employee to submit to a physical examination or drug or alcohol testing.

The Superintendent will develop procedures, consent forms and such notifications as are needed for an orderly implementation of this policy.
