Winter -2022

# Augmentative and Alternative Communication (AAC) Agenda

## AAC Information/Tip of the Month:

### What makes an AAC system "robust?"

The ultimate goal of AAC is communication autonomy and the ability to connect with others. AAC systems have to be robust to achieve those goals.

Here are some features I look for:

- **Lots of words** (hundreds and hundreds!), with both core and fringe vocabulary, and enough variety to allow for individual style.
- Lots of **different kinds of words**. For example, nouns, verbs, prepositions, adjectives, etc.
- Ability to communicate a wide **range of communicative functions**. For example, comment, ask questions, protest, etc.
- Organization that supports a **flow of conversation** (i.e. ease and efficiency of message generation for real life conversations)
- Options to support **grammar**. For example, verb tenses, plurals, comparatives, possessives, etc.
- Option for **preprogrammed messages** for frequently used phrases, advocacy, and self-talk.
- Organization that maintains **motor plan** as much as possible to support efficient access.
- Options to **grow language over time**.
- Access to the **full alphabet** and **word prediction**.
- Organization that **accommodates individual's access method** (e.g., scanning)
- Can be **available at any time** (i.e., high tech and low tech options)

\*Symbolstix icons work for Touch Chat and ProLoQuo2Go. \*\* Boardmaker symbols work for students utilizing Tobii-Dynavox systems

## Let's Take a Journey To Literacy for All

*“Teaching literacy is the single most empowering thing we can do for individuals who use AAC” (Lindsay, 1989)*

**2nd Destination: Letter Sounds & Phonological Awareness**

## 5) Letter Sounds & Phonological Awareness

- People who use AAC can learn letter-sound correspondence. The time to acquire will vary based on internal and external factors.
- Suggestions for considerations Light & McNaughton (2009) cited in Beukelman & Mirenda (2013)
  - Teach one letter sound at a time
  - Teach letter sounds first, letter names later.
  - Suggested order for introduction:  
a, m, t, p, o, n, c, d, u, s, g, h, i, f, b, l, e, r, w, k, x, v, y, z, j, q
- Phonics Page/Keyboard on AAC System

Rain Boots			

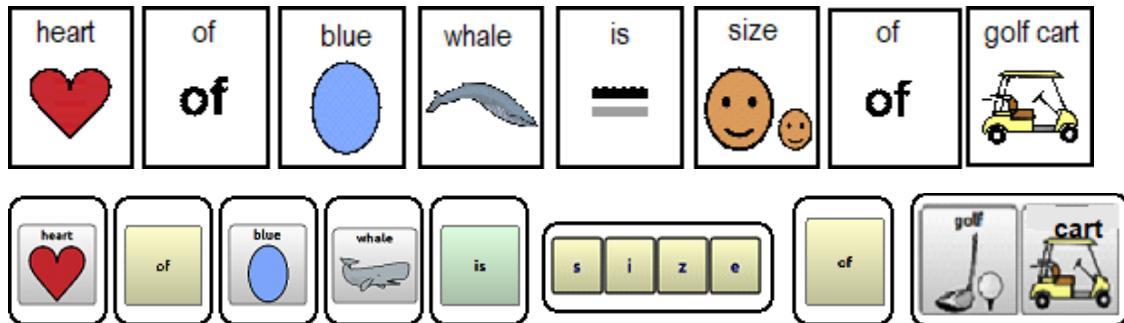

### ***Small Talk***

The following are a few phrases (in Symbolstix for ProLoQu2Go and Touch Chat users) for social activities.

The blue whale is the biggest animal on the planet. The blue whale's heart is very heavy. It weighs over 400 pounds and is the size of a golf cart.

The LBL ESD AAC Agenda Newsletter is a compilation of national and regional resources designed to support families and school teams. Every effort is made to provide accurate and complete information in the newsletter; however, LBL ESD cannot guarantee that there will be no errors. Some resources from across the nation may not apply to Oregon. Again, we apologize for the inaccuracy and thank you for your understanding. If you have questions, please feel free to contact Cascade Regional.
