# SUPERINTENDENT'S BUDGET MESSAGE

Dear Budget Committee Members and LBL Community,

I am pleased to submit the proposed budget for the Linn Benton Lincoln Education Service District for the fiscal year beginning July 1, 2025, and ending June 30, 2026. It is an honor to serve the districts of Linn, Benton, and Lincoln counties, and I remain deeply committed to supporting our schools, educators, and students through high-quality, cost-effective services.

As we look ahead, we continue to navigate a landscape where both the cost and demand for services are increasing at a rate that outpaces our funding. While we are seeing moderate increases in revenue, they do not fully match the growing needs of our districts. This reality has required us to take a hard look at how we operate—not just in terms of managing our organization, but also in how we deliver services in the most effective and sustainable way possible. Our focus remains on innovation, efficiency, and ensuring that we maximize every dollar to best support the students and educators we serve.

Through it all, our staff remains deeply committed to delivering the highest quality care and support to the children, families, and districts we serve. Their dedication is unwavering, and their expertise continues to make a profound impact. However, we must also acknowledge a difficult truth: funding realities mean we are unable to provide services at a level that fully meets the true and complete needs of our constituents. This challenge is not unique to us, but it is one that weighs heavily on our team, as they strive every day to do more with less while keeping student success at the forefront.

It is crucial that our communities continue to advocate for the essential work we do. The services we provide go beyond classroom support; they are vital to the overall success and sustainability of our districts. We serve some of the most vulnerable children in the state, ensuring they have access to specialized educational resources that might otherwise be out of reach. At the same time, we provide technological infrastructure that individual districts could not afford on their own—an investment that enhances learning, improves operational efficiency, and safeguards our schools against emerging challenges.

Despite financial constraints, we have made great strides over the past year, demonstrating our ability to adapt, innovate, and deliver meaningful results for our districts. Among our key accomplishments:

- Overhauled the Local Service Plan, unanimously adopted by our districts, ensuring optimal resource alignment to serve schools and students.
- Developed the LBLESD Cultural Compass framework to foster an engaging, respectful, and inclusive workplace.

- Completed the LBLESD Emergency Operations Plan, enhancing preparedness for potential emergencies.
- Secured a “Grow Your Own” staff grant supporting 12 Component Districts, funding 29 district and ESD staff in college programs, earning 186 credits toward licensure, with \$290,000 allocated by 2024-2025. An extension is anticipated based on ODE messaging.
- Launched three district-facing portals:
  1. Feedback Portal for service input and idea submissions.
  2. Service Status Portal for real-time service updates.
  3. District Portal consolidating logins for tech services.
- Redesigned external and internal websites to improve usability, accessibility, and content delivery.
- Enhanced financial and statistical reporting tools for leadership to enable data-driven decision-making.
- Successfully completed the first year of transitioning districts to the Synergy Student Information System, with additional modules in development for 2024-2025.
- Initiated a reimagining of the HR program to improve efficiency and capacity.

The following budget reflects the year-round efforts of our staff and leadership in responsibly managing our resources. It is prepared in good faith using the best information available prior to the statutory deadlines required by our public budget process. While adjustments may be necessary as new information emerges, this budget represents our commitment to financial stewardship and service excellence.

As we move forward, our commitment to collaboration, equity, and service excellence remains unwavering. By working together and advocating for sustainable funding, we can ensure that every student has access to the education and resources they need to thrive. I appreciate the time and dedication of our budget committee members and look forward to our continued partnership in advancing the mission of the LBLESD.

Respectfully,  
 Jason Hay  
 Superintendent

# OVERVIEW & FINANCIAL FRAMEWORK

## Education Service Districts (ESDs) in Oregon

### *Establishment, Purpose, and Mandates*

Education Service Districts (ESDs) in Oregon provide practical, reliable, and cost-effective services to school districts, educators, and students. Their primary role is to support educational excellence and equity by delivering programs that help schools, teachers, students, and families meet Oregon's educational goals. Oregon has 19 Education Service Districts that serve all 36 counties. Each ESD operates within a defined geographical region, providing services tailored to the unique needs of the districts it serves.

Per Oregon Revised Statute (ORS) 334.005, ESDs are established to assist school districts and the State of Oregon in achieving equitable, high-quality, and cost-effective education for all public-school students. The mission of ESDs has remained consistent throughout Oregon's history, with a focus on regional, locally responsive services.

### Legal Framework and Requirements

ESDs operate under Oregon Revised Statute (ORS) 334.005, which defines their purpose and governance. Additionally, ORS 334.175 mandates that all ESDs must provide core services in the following four areas:

- Special Education Services
- Technology Support Services
- School Improvement Services
- Administrative and Support Services

These services are designed to assist school districts in delivering high-quality education while maximizing efficiency and cost-effectiveness.

## *Funding*

Education Service Districts (ESDs) in Oregon receive funding from multiple sources to support their services for school districts, educators, and students. The primary funding categories include:

1. Resolution Revenues – ESDs receive 4.5% of the total K-12 funding allocated to school districts in Oregon. This funding comes from:
  - Local Tax Revenue – Collected from property taxes at a permanent rate.
  - State School Fund – Distributed by the State of Oregon to support public education.
  - State Timber Receipts – Revenue from state-managed timber sales.

Each ESD's share of this funding is based on the relative allocation of the school districts it serves. Per ORS 334.177 ESDs are required to allocate 90% of all Resolution Revenues to services or programs approved by their component districts. Per ORS 344.175 the ESD board is responsible for developing a Local Service Plan that details the programs and services to be offered to its component districts. Approval of the Local Service Plan requires consent from two-thirds of component districts representing at least 50% of the student population within the ESD.

2. Grants & Contracts – ESDs secure additional funding through state and federal grants as well as contracts with school districts and other organizations. These funds support specialized programs such as early learning initiatives, special education services, technology integration, and professional development.
3. Direct Fee-for-Service Revenue – Some ESDs offer optional services to school districts on a fee-for-service basis. These services may include administrative support, technology assistance, curriculum development, and data analysis.

## About Linn Benton Lincoln ESD

### *Governance and Financial Independence*

Linn Benton Lincoln Education Service District (LBLESD) is a municipal corporation governed by a seven-member elected Board of Directors, which appoints the Superintendent to oversee daily operations. As a legally separate and fiscally independent entity, LBLESD qualifies as a primary government. While various governmental agencies and special service districts operate within its boundaries, LBLESD is not financially accountable for them, and they are not included in its financial statements.

### *Mission, Vision, and Values*

#### **Mission**

Through services and collaboration with community schools and families, we empower every child with the skills and resources needed for success, fostering innovation and responsiveness in education.

#### **Vision**

Enhancing education through collaboration.

#### **We Value**

- Children and Families First
- Equity, Inclusivity, & Honoring Differences
- Competency & Expertise
- Kindness, Caring, & Humility
- Trust & Connection
- Teamwork & Collaborative Leadership
- Health & Balance
- Sustainability

## *Equity Lens*

We believe that every student, staff and community partner should be treated equitably. Our focus is to eliminate disparities among all groups.

### **Equity**

Just and fair inclusion. An equitable society is one in which all can participate and prosper to allow all to reach their full potential.

### **Purpose**

Provide a common vocabulary and protocol to produce and evaluate policies, practices, processes, programs, services or decisions that result in more equitable outcomes.

### **Procedure**

Consider the following four questions for any policy, practice, process, program, service or decision:

#### **1. Who Does it Impact?**

- Who are the groups affected?
- What are the potential impacts on these groups?

#### **2. Who Has the Opportunities and is Included and Who is Not?**

- Are existing disparities ignored or worsened?
- Are there unintended consequences?

#### **3. Whose Voices Are at the Table?**

- Have we intentionally involved our partners?

#### **4. What Can We Do About It?**

- How will we mitigate the negative impacts and address the barriers identified above?

Non-Discrimination: LBLEDSD prohibits discrimination and harassment on any basis protected by law, including but not limited to an individual's perceived or actual race, color, religion, sex, sexual orientation, national or ethnic origin, marital status, disability, veterans status, or the protected status of any other person with whom the individual associates. [Policy AC](#).

## *Component Districts*

LBLESD serves 12 component school districts across Linn, Benton, and Lincoln counties, supporting over 90 schools and approximately 34,000 students. Additionally, LBLESD provides services to students and districts statewide through grants and contracts.

### **Component School Districts**

LBLESD provides direct support to the following 12 school districts:

1. Alsea School District
2. Central Linn School District
3. Corvallis School District
4. Greater Albany Public Schools
5. Harrisburg School District
6. Lebanon Community School District
7. Lincoln County School District
8. Monroe School District
9. Philomath School District
10. Scio School District
11. Santiam Canyon School District
12. Sweet Home School District

## *Board Objectives*

### **Board Performance Objective 1:**

Pursue innovation through service delivery, equitable resource allocation, evaluation and improvement, staff development, and use of technology.

### **Board Performance Objective 2:**

Continue to enhance collaborative relationships and effective communication with LBLESD employees, school districts, and communities.

### **Board Performance Objective 3:**

Prudently and sustainably manage fiscal resources. Maintain a forward-looking financial plan and anticipate and accommodate economic changes.

## *Board Policies*

Policies that govern the development and adoption of the budget and other related processes are [available on our website](#) as follows:

[Policy DB, District Budget](#) establishes the budget process.

[Policy DBDB, Fund Balances](#) establishes the Board's requirements for contingencies and reserves.

[Policy DBEA, Budget Committee](#) establishes the role of the committee.

[Policy DBH, Budget Adoption Procedures](#) establishes the process to adopt the budget and categorize the levy.

[Policy DDA, Local Service Plan](#) outlines the requirements of the services that the ESD provides to component districts.

[Policy DFA, Investment of Funds](#) establishes the investment process.

[Policy DI, Fiscal Accounting and Reporting](#) establishes the requirements for the accounting system.

[Policy DID, Property Inventories](#) establishes the requirement to maintain inventory records.

[Policy DIE, Audits](#) establishes the requirement to undergo an independent annual audit.

## *Board of Directors*

The [Board of Directors](#) consists of elected officials who reside within the ESD's boundaries. Their role is defined in Board Policy BBA: Board Powers and Duties, with responsibilities falling into three primary areas:

1. Legislative – Establishing policies and rules.
2. Judicial – Overseeing compliance and governance matters.
3. Executive/Administrative – Working with the Superintendent to implement policies and programs that serve students and districts.

Board members are elected to four-year terms. Senate Bill 174, effective September 9, 1995, revised board member terms and election dates. Elections now take place in odd-numbered years only.

## *Staff*

Our staff is the heart of LBLESD, and their dedication is what makes our work possible. While it is not feasible to list every individual team member by name, we recognize and deeply appreciate the contributions of each person across our organization. Their expertise, commitment, and passion drive our mission forward, ensuring that we provide the highest level of support to the students, families, and districts we serve. Every success we achieve is a direct result of their hard work and dedication.

## *Services Provided*

LBLESD provides Special Education, School Improvement, Technology Support, and Administrative Services, all designed to deliver high-quality support to districts, students, and families. These services maximize efficiency and cost-effectiveness, ensuring both robust and economical solutions for the communities we serve.

## **SPECIAL EDUCATION SERVICES**

### **Augmentative and Alternative Communication (AAC) Services:**

Tier 1: Supports school staff in creating communication opportunities for students with significant communication difficulties by identifying and trialing communication platforms and providing ongoing training and coaching. Tier 1 AAC Specialists can bill Medicaid if a cost-sharing agreement is in place.

Tier 2 (Augmentative and Alternative Communication Support): Allows districts to purchase additional time with AAC Specialists for direct instruction beyond Tier 1 evaluations and system support. Tier 2 or fee-for-service AAC Specialists can also write funding reports for insurance funding of AAC systems. Cost-sharing agreements for Medicaid billing for SLP services provided by ESD staff can be established through Tier 2.

### **Audiology Services:**

Tier 1 (Audiology Screening): Provides mass hearing screenings to all kindergarten, 1st, and 2nd-grade public school students in the LBLESD region. School teams can also screen students at any point with parental input. Students failing two screenings may be referred for further audiological testing.

### **Early Childhood Special Education Services:**

Tier 1 (Early Childhood Special Education Evaluation): Provides evaluations for students from birth to age five suspected of having a developmental delay or disability. Evaluations for younger children must be completed within 45 calendar days, and for ages three to kindergarten entry within 60 school days. Eligible children receive an Individualized Family Service Plan (IFSP) with services provided through federal and state grant funds.

### **Occupational Therapy (OT) Services:**

Tier 1 (Mild/Moderate Occupational Therapy): Focuses on adaptations and functional skills students need to safely access the educational environment and make progress. Therapists provide evaluations and support students with mild to moderate OT needs through consultation and collaboration, driven by IFSPs or IEPs. Tier 1 OT services can be billed to Medicaid with a cost-sharing agreement.

Tier 2 (Occupational Therapy): Allows districts to purchase additional OT time for direct or indirect services to students needing more support than the Tier 1 consultation model. This can also provide consultation beyond the district's proportionate share if their OT caseload is larger. Cost-sharing agreements for Medicaid billing for OT services provided by ESD staff can be established through Tier 2.

### **Physical Therapy (PT) Services:**

Tier 1 (Mild/Moderate Physical Therapy): Focuses on ensuring safety and accessibility across school environments for students with gross motor challenges. Therapists provide evaluations and support students with mild to moderate PT needs through consultation and collaboration, developing classroom protocols, and promoting self-care, driven by IFSPs or IEPs. Short-term loans of positioning, recreational, and mobility equipment are available. Tier 1 PT services can be billed to Medicaid with a cost-sharing agreement.

Tier 2 (Physical Therapy): Allows districts to purchase additional PT time for direct or indirect services to students needing more support than the Tier 1 consultation model. This can also provide consultation beyond the district's proportionate share if their PT

caseload is larger. Cost-sharing agreements for Medicaid billing for PT services provided by ESD staff can be established through Tier 2.

### **Support for Students with Disabilities (General/Consultative):**

Tier 1 (Severe Disability Services): Provides support to districts through financial compensation, staff development, consultation, and access to materials for students with significant intellectual disabilities.

Tier 1 (Special Education and Evaluation Services - SEES): Offers a broad range of support including system development for general education interventions, special education evaluations, Multi-Tiered Systems of Support (MTSS) consultation and training, professional development, and guidance on special education law and practices. The team also provides support for students with severe disabilities and transition services.

Tier 2 (Learning Consultants): Licensed special education teachers provide technical assistance, coaching, and support to districts in all areas of special education teaching and case management. They can coach and mentor newly or restricted licensed teachers and assist with IEP development, classroom systems, interventions, and data collection.

Tier 2 (School Psychologists): Provide evaluation and consultation services to component districts, assisting with special education evaluations, participating in MTSS and student assistance teams, and offering consultation in areas like systems development, academic interventions, and behavioral support for both general and special education students.

Tier 2 (Autism Consultation): Provides trainings and professional development to build capacity in school-based staff to better support students with autism through the Regional Inclusive Services (RIS) grant, with limited hours for on-site coaching, IEP meetings, and individual student needs. Additional consultant time can be purchased.

### **Related Services:**

Tier 1 (Spanish Interpreter and Translation for Special Education): Provides these services for special education related activities and meetings.

Tier 2 (Spanish Interpreter and Translation for Non-Special Education): Districts can purchase additional interpreter and translation time for school-related activities, meetings, and conferences unrelated to Special Education.

Tier 2 (Speech Language Pathologists - SLP): Provide direct speech and language services to address students with speech/language needs. With a cost-sharing agreement, Tier 2 SLP services may be eligible for Medicaid reimbursement.

Tier 2 (Speech Language Pathologist Assistants - SLPA): Provide speech and language services as a direct service under the supervision of a qualified SLP. With an agreement, Tier 2 SLPAs may be eligible to bill for Medicaid reimbursement.

Services Related to Specific Student Populations/Circumstances:

Tier 2 (504 Plans and Students in Private Schools): Special education services needed for students on 504 plans and for private school students can be purchased through Tier 2.

Tier 2 (Special Education Administration Services): Available for districts needing a licensed special education administrator.

## **SCHOOL IMPROVEMENT SERVICES**

### **Tier 1 School Improvement Services:**

**CPI Training:** LBLESD provides a region-wide Crisis Prevention Institute (CPI) training network, including implementation coaching support from certified CPI trainers. This evidence-based training supports students with challenging behavior using person-centered and trauma-informed approaches. LBLESD manages the logistics, while districts cover the cost of training materials. This service is funded through the SEIA grant, pending continued grant funds.

**SPSS/Student and Family Support Administration:** This service provides oversight and coordination of student and family support services, including behavior consultants, family support liaisons, and home school registration. It also includes the MAC Survey, crisis response, grant exploration and coordination, and collaboration with youth-serving agencies for health and social services.

**Home School Registration and Enrollment Management:** LBLESD monitors and maintains records of enrollment for home-schooled students and their parents residing in Linn, Benton, and Lincoln counties. LBL serves as an information resource for parents, students, schools, and districts regarding home schooling requirements and processes.

## **Tier 2 School Improvement Services:**

**Behavior Consultation Services:** Behavior consultants work closely with teachers and administrators to provide behavioral intervention for students in the classroom. They collaborate on Functional Behavior Assessments (FBAs) and Behavior Intervention Plans (BIPs), provide specific student strategies for new behavior skills, and offer staff coaching on classroom structures for prosocial behavior and emotional regulation. They can also support level 1 and level 2 student behavioral safety assessments and sexual incident response advisory teams and provide nonviolent crisis intervention training.

**Family Support Services:** Family Support Liaisons partner with students, families, and school staff to provide support in accessing health and social services, navigating social service systems, and eliminating barriers. Their services include accessing physical and mental health resources, case coordination, positive youth development, and education engagement. They also collaborate with local and regional youth-serving agencies.

**504 Plans and Students in Private Schools:** Since Section 504 is not funded through special education, any special education services needed for students on 504 plans must be purchased through Tier 2. Similarly, school districts can purchase special education services for private school students within their boundaries through Tier 2 if desired.

## **TECHNOLOGY SUPPORT SERVICES**

### **Tier 1 Technology Support Services:**

**Business Information System Services Support & IVisions:** LBLESD offers comprehensive support for Tyler Technology's Infinite Visions Business Information System, including Level 1 help desk assistance, acting as a liaison with Tyler Technologies, hosting, system maintenance, and configurations. This covers integrated financial, human resources, payroll, purchasing, warehouse, and fixed asset applications.

**Cyber Safety Service:** LBLESD provides services designed to protect district assets and enhance security. This includes Security Studio risk assessments, Virtual and Regional CISO services, internal and external vulnerability scanning, key employee training programs, and incident response planning and coordination.

**Desktop Support for Tier 1 LBL Staff:** Computer support technicians offer assistance to LBL Tier 1 Staff experiencing problems with their individual desktop computers or software, including troubleshooting, installation, and recommendations for equipment.

**Student Information System (SIS) Synergy:** LBLESD provides comprehensive support for the Synergy Student Information System, offering services such as help desk assistance, training, hosting, and system maintenance, including system updates, troubleshooting, and customizations. Districts retain responsibilities for day-to-day operations like user management and data entry.

**Network Management:** LBLESD manages network services for Tier One services, including internet access, firewall management, server infrastructure, and web access, ensuring reliable and secure technology operations.

## **Tier 2 Technology Support Services:**

**Additional SIS Synergy Modules:** Districts can purchase a range of additional Synergy modules to enhance the educational experience and streamline operations. Support includes implementation, configuration, support, and training for modules such as Assessment, Athletics, GradeCam, INSPECT+ Test Item Bank, Learning Management System (LMS), Mastery Test Item Banks (Math, ELA, Science, Social Studies), Video Conferencing, Wait-List Lottery, and Special Education.

**Data Integrations:** LBLESD provides services to seamlessly connect LBLESD-hosted applications with a wide array of third-party vendors, offering end-to-end support from configuration to ongoing monitoring.

**Engineering Support:** Offers comprehensive assistance for district local and wide area networks, focusing on system maintenance, implementation, and server infrastructure management. This includes troubleshooting, patching, updates, configuration of network devices, optimization of server infrastructure, and consultation on network equipment. Additional services include application and website hosting, data backups, and data center design and implementation.

**Infinite Visions Add Ons:** Districts can purchase any Infinite Visions modules not covered by Tier 1 through Tier 2. Tier 1 covers integrated financial, human resources, payroll, purchasing, warehouse, and fixed asset applications.

**Internet Access:** Provides districts with dependable, high-speed internet connectivity secured by a high-availability firewall pair, with all necessary network devices and infrastructure maintained within the LBL data center.

**Power School Sped Records Management:** LBL offers a web-based Special Education Management System for efficient documentation of the special education process, from pre-referral to IEP revisions, including ISP forms and data tracking, and integration with existing student information systems.

**Web Design and Maintenance:** LBL provides website development, hosting, and management solutions, including responsive design, accessibility compliance, social media integration, and a user-friendly mobile app with push notifications.

## **ADMINISTRATIVE SUPPORT SERVICES**

### **Tier 1 Administrative Services:**

**Courier Services:** LBL provides courier service for component districts for the delivery of materials and correspondence throughout the region. This service is offered twice weekly during the school year and once weekly during summer breaks.

### **Tier 2 Administrative Services:**

**Business Administration Services:** The business office serves component and non-component districts by offering services to support many business functions of a district. These services include payroll, accounts payable, grants, and general transactional and state reporting support.

**E-rate Services:** LBL provides dedicated support for districts navigating the complexities of the E-rate Program, ensuring a seamless application process and full compliance with program regulations. Services cover the entire lifecycle, from initial submission to funding tracking, to help secure maximum funding for high-speed internet and telecommunications.

## **SERVICES PROVIDED THROUGH GRANTS**

Although each grant is fiscally differentiated from all other grants, LBLESD operationalizes grant management by organizing them under five major programs: Early Intervention/Early Childhood Special Education, Cascade Regional Inclusive Services, Long-Term Care and Treatment, Special Education Evaluation Services, and Strategic Partnership for Student Success.

### **Early Intervention/Early Childhood Special Education (EI/ECSE)**

**EI/ECSE Grant:** This grant aims to support eligible children from birth to five years old who have developmental delays or disabilities. Services provided include evaluations, consultation, and instruction through an Individualized Family Service Plan

(IFSP), with a focus on building the family's capacity to support the child's special needs and teaching the child necessary skills to address delays and prepare for school. It is funded by the Oregon Department of Education and delivered by a team of professionals.

South Coast ESD serves as a sub-grantor for this grant. While LBLESD oversees full grant management, South Coast ESD delivers services within its region. LBLESD administers fund transfers to support these services.

### **Cascade Regional Inclusive Services (CRIS)**

**Regional Inclusive Services Grant:** This grant supports collaboration with local school districts, EI/ECSE programs, families, and community agencies to provide specialized educational support for children with low-incidence disabilities. It is funded by the Oregon Department of Education. Services may include Specially Designed Instruction, Related Services, Supports to School Personnel, and/or Accommodations/Modifications.

South Coast ESD serves as a sub-grantor for this grant. While LBLESD oversees full grant management, South Coast ESD delivers services within its region. LBLESD administers fund transfers to support these services.

### **Long Term Care and Treatment (LTCT):**

**Long Term Care and Treatment Grant:** This grant funds educational services for children and youth in residential and day treatment facilities across several specialized schools, serving students with significant emotional and behavioral needs in collaboration with mental health providers. The funding comes from the Oregon Department of Education (ODE), and educational services are delivered by LBLESD in partnership with mental health providers. It is managed by Long Term Care and Treatment.

### **Strategic Partnerships for Student Success (SPSS):**

The purpose of this service is to build capacity within districts for equitable systems to better meet the instructional and social, emotional, and behavioral health needs of their students, staff, and families. These services involve facilitating needs assessments, leveraging partnerships for information on curriculum and grants, sharing research updates, convening collaboration opportunities, and providing training, coaching, and technical assistance.

**Family Support Fund Grants:** These grants provide an agile and flexible funding source to meet the urgent needs of students and families served by ESD-based staff members. The funds address gaps in support when needs are inadequately funded or when timing is urgent.

**Grow Your Own Grant (GYO):** The purpose of this grant is to support both new and existing GYO initiatives within the twelve component districts to address educator recruitment in high-need areas. The project combines direct support for educator recruitment with a regional collaborative structure. Activities include distributing scholarships and reducing barriers to obtaining licensures for educators.

**IHN-CCO Agile Fund Grant:** This grant is designed to meet immediate and urgent needs of students and families supported through the local system of care. Eligibility is for students and families actively engaged with ESD-delivered Family or Behavioral Supports in a school district. It is coordinated through the Strategic Partnerships for Student Success Program.

**Instructional Mentor Program Collaboration with WREN:** The goal of this program is to provide mentors with the necessary tools, resources, and training to support their mentees, with a focus on the social and emotional well-being of educators and offering ongoing professional development for novice educators. Key aspects include collaboration among mentors and provision of training and resources.

**Integrated Community Partner Grant:** This grant provides an annual discount on the cost of contracting Family Support Services through the ESD for school districts, with an emphasis on small rural districts. Family support liaisons assist students facing challenges by connecting them with resources and support.

**Juvenile Crime Prevention Grant:** The purpose of this grant is to provide an annual discount on the cost of contracting Family Support Services through the ESD for Linn County school districts. Family support liaisons assist students experiencing challenges by connecting them with resources and support.

**School Safety and Prevention Systems Grant:** The purpose of this grant is to create a coordinated regional Behavioral Safety Framework focusing on safety assessment processes, suicide prevention, bullying and harassment prevention, and crisis response protocols within districts. It includes expanded training, technical assistance, and coaching.

**Statewide Education Initiatives Account Grant:** This grant supports districts in the implementation of their Student Investment Account - Integrated Program plans by providing Student Success Integration Liaisons who assist with development, implementation, and ODE reporting. It also supports the High School Success and Every Day Matters initiatives.

## Budget Development and Key Assumptions

LBL ESD prepares and legally adopts a budget for each governmental fund type in accordance with Oregon Local Budget Law (ORS 294.305), using the modified accrual basis of accounting. Budgets align with Generally Accepted Accounting Principles (GAAP), except that capital outlay expenditures, including items below the District's capitalization threshold, are budgeted by function within governmental fund types.

The LBLESD budget is developed on a Zero-Based approach, meaning no funding amounts automatically carry over from previous years. Every expense is evaluated based on current operations and available resources and must be individually justified for inclusion in the new year's budget.

## *Annual Process*

The budgeting process involves District leadership, the Board, component district leadership, staff, and the public.

1. Fall – Budget Committee members are appointed.
2. Winter & Spring – Management develops budget recommendations through internal discussions.
3. Public Budget Committee Meeting – The proposed budget is presented, followed by public comment and input from the Budget Committee.
4. Late Spring – The Budget Committee approves the final budget.
5. May/June – Public notices of the budget hearing are published.
6. June – The public budget hearing is held, and by June 30, the budget is formally adopted, appropriations are made, and the tax levy is declared.

Expenditure budgets are appropriated at the major function level, which include:

- Instruction
- Support Services
- Community Services
- Facility Acquisition & Construction
- Other Uses
- Contingency
- Unappropriated Fund Balances

## *Resource Allocation*

The General Fund consists of resolution revenues from the State School Fund, taxes, and miscellaneous fees, as well as non-resolution funds from interest income and indirect charges on grants and services. The LBL budget is based on the State of Oregon's latest 2025-2026 State School Fund estimate of \$11,875,000 and assumes a 3.25% increase in tax revenue, totaling \$10,050,000, along with \$25,000 in miscellaneous revenue. Non-resolution General Fund revenues are estimated at \$3,230,000.

In the Special Revenue Fund, grants are individually estimated to help ensure we are prepared to fully utilize the total funding available for each initiative. In cases where a grant's exact amount is known, we include full funding for that grant. In cases where amounts are still in development, we have estimated total funding for the grant based on the most current information available on the individual grant. As of the time of this publication, there is minimal guidance available for any of our major grants.

In the Internal Service fund, revenues are estimated for each individual service. Revenues include both transfers from the general fund related to Tier 2 services with our component districts as well as purchased services from both component and non-component districts.

Unexpected additional resources may be added to the budget using supplemental budgets and appropriation resolutions. Where budget changes have a net effect that would cause an increase of less than 10% in an appropriation category compared to the adopted budget, such changes may be approved by the Board of Directors with a resolution at a regular meeting. Changes causing a greater than 10% increase in an appropriation category compared to the adopted budget require publication in newspapers and approval of a supplemental budget and resolution by the Board. Original and supplemental budgets may be modified using appropriation transfers between the levels of control (major function levels). Such transfers require approval by the Board.

## Staffing Allocations

Employee compensation, including salaries and benefits, total \$35.6 million or 41.7% of the total budget and is the single largest expense incurred by the district. LBL uses different strategies to determine staffing and resources.

	2024-25 ADOPTED	2025-26 PROPOSED	2025-26 APPROVED	2025-26 ADOPTED
<b>FTE by FUND</b>				
100-General Fund	94.6	96.1	96.1	96.1
200-Special Revenue	116.5	107.4	107.4	107.4
600-Internal Service	46.5	40.2	40.2	40.2
<b>TOTAL FTE</b>	<b>257.5</b>	<b>243.8</b>	<b>243.8</b>	<b>243.8</b>

The 2025-2026 budget roll-up costs include the following assumptions:

- COLA of 3.50% for all staff
- Estimated step increase for all staff by program
- Insurance increase of \$25/month for all employee groups

### *Budget Committee Members*

LBL's Board of Directors appoint budget committee members for a three-year term. LBL has eight budget committee members. Budget committee members are appointed to the zones in which they reside. The 8<sup>th</sup> budget committee member is an At-Large position, which was added in fiscal year 1994-1995 per Senate Bill 26.

## DETAILED FINANCIALS

The LBLESD 2025-26 resources and requirements are presented below at both summary and detailed levels. These reports aim to provide a comprehensive view, allowing constituents to see the broader financial context while also offering enough detail to ensure transparency and insight into individual operations. Given the scope and complexity of our work, these reports may not address every question that arises when reviewing the financials. We encourage anyone seeking further clarification to reach out to us directly.

## General Fund

The General Fund supports ESD activities, including centralized expenses for all programs (e.g., Superintendent, Business Services, etc.), Tier 1 services for component school districts, and Tier 2 fund balances. Balances are transferred from the General Fund to the Internal Service Fund as Tier 2 services are utilized by districts.

The fund's four primary revenue sources are:

1. Resolution Revenues – Property taxes and State School Fund revenue sharing
  - The Oregon Department of Education primarily allocates the aggregated Local Revenue and State School Funds to ESDs based on the ADMw of their component districts, as it is the key driver of distribution. However, other factors contribute to minor adjustments in the final allocation.
2. Indirect Rates – Fees charged to other grants and services
3. Interest Income

### Resolution Revenues & Service Allocation

- ORS 334.177 mandates that 90% of Resolution Revenues fund services are approved by component districts.
- ORS 344.175 requires ESD boards to develop a Local Service Plan outlining offered programs.

LBLESD delivers services to component districts through a two-tier system: Tier 1 services are provided equitably to all districts, while Tier 2 services are purchased individually. Each year, districts approve a total Tier 1 budget, with the remaining portion of the 90% of Resolution Revenues distributed proportionally to each district based on their three-year ADMw average. Any unused Tier 1 funds from the prior year roll into the following year's Tier 2 distributions.

The Tier 1 budget for the year is projected at \$16,048,750, including an annual operating budget of \$15,500,000, a 2.25% operating contingency of \$348,750, and a \$200,000 strategic investment allocation.

Tier 2 annual distributions are projected at \$4,236,550.

### STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

The ESD anticipates similar resources and requirements for the 2025-26 fiscal year, with one notable change: a \$3.1 million increase in Other Local Sources driven by higher projected Medicaid Administrative Claims, reflecting current utilization trends. Most requirements account for standard inflationary adjustments, including annual salary increases and related payroll costs. The projections also include a \$1.6 million increase in Purchased Services, assuming component districts will fully utilize their remaining Tier 2 balances, offset by a \$1.6 million reduction in other routine operating costs spread across programs.
