

CLASS Observation Training

Course Description: CLASS Observation Training helps you build capacity to collect CLASS teaching assessment data, which is the first step in improving the quality of teacher-student interactions in the classroom. By creating certified CLASS observers, programs will:

- A. Gain meaningful data on classroom quality to inform coaching interventions
- B. Prepare coaches to conduct formal and informal teacher observations
- C. Build a strong foundation for coaches beginning their CLASS journey, as they develop CLASS fluency and satisfy a prerequisite for all CLASS coaching programs
