- Please contact your district's ASD contact (listed above) if you have questions about: whether a referral for an evaluation is appropriate; what tests to select for an initial evaluation; what testing is needed for a three year reevaluation; and how to refer for a differential ASD with other eligibilities.
- For guidance on what data should be collected and considered to determine if a referral is needed/appropriate, please see the ASD Pre-referral form at: <https://www.lblesd.k12.or.us/sees/eccc/evaluation-services/>
- If you are working with an ASD Consultant from Cascade Regional regarding a student on your caseload, consult with them first. If there are evaluation questions, please contact your ASD referral contact person listed above and let them know that Cascade Regional staff is involved in the case. Your ASD referral contact from the EECC will confer with the appropriate Cascade Regional staff and will collaborate on the questions/situation.
